BLIPPI CALLBACK SONG – "STOP & GO"

Lets move to this new bop shake it all off till you have to stop Stay still like you're a stone cause you don't know, when you've got to go Stay still as a statue Quiet as a mouse Can you move when I say go, and move all around the house Running, waiting, Anticipating Red Light, Green Light lets goooo Lets move to this new bop shake it all off till you have to stop Stay still like you're a stone cause you don't know, when you've got to go

Listen to the word I say, there's only 2 that count

Stop and Go is the aim of the game, wait till I shout them out.

Running, waiting, Anticipating

Red Light, Green Light lets goooo

Lets move to this new bop shake it all off till you have to stop

Stay still like you're a stone cause you don't know, when you've got to go
